

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

REQUEST FOR CONFIDENTIAL TREATMENT OF)	
INFORMATION FILED WITH SOUTH CENTRAL)	
BELL TELEPHONE COMPANY'S PROPOSED)	CASE NO. 95-054
CONTRACT WITH OFFICE RESOURCES, INC.)	
FOR DIGITAL ESSX® SERVICE)	

O R D E R

This matter arising upon petition of BellSouth Telecommunications, Inc., d/b/a South Central Bell Telephone Company ("South Central Bell"), filed February 9, 1995, pursuant to 807 KAR 5:001, Section 7, for confidential protection of the cost support data developed in connection with a contract service arrangement for a Digital ESSX® Service feature called Display Agent Summary Key on the grounds that disclosure of the information is likely to cause South Central Bell competitive injury, and it appearing to this Commission as follows:

South Central Bell has requested approval of a contract with Office Resources, Inc. ("ORI") for a Digital ESSX® Service feature called Display Agent Summary Key. This service allows a supervisor using an electronic set to determine the status of positions in an automatic call distribution agent group. In support of its request for approval of the contract, South Central Bell has submitted cost information which it seeks to protect as confidential.

The information sought to be protected is not known outside of South Central Bell and is not disseminated within South Central

Bell except to those employees who have a legitimate business need to know and act upon the information. South Central Bell seeks to preserve and protect the confidentiality of the information through all appropriate means, including the maintenance of appropriate security at its offices.

KRS 61.872(1) requires information filed with the Commission to be available for public inspection unless specifically exempted by statute. Exemptions from this requirement are provided in KRS 61.878(1). That section of the statute exempts 11 categories of information. One category exempted in subparagraph (c) of that section is commercial information confidentially disclosed to the Commission. To qualify for that exemption, the petitioner must establish that disclosure of the information is likely to cause substantial competitive harm to the party from whom the information was obtained. To satisfy this test, the party claiming confidentiality must demonstrate actual competition and a likelihood of substantial competitive injury if the information is disclosed. Competitive injury occurs when disclosure of the information gives competitors an unfair business advantage.

South Central Bell's competitors for Digital ESSX® Service are providers of PBX equipment. Disclosure of the cost information would enable South Central Bell's competitors to determine South Central Bell's cost and contribution from the service which the competitors could use in marketing their competing services. Therefore, disclosure of the information is likely to cause South

Central Bell competitive injury and the information should be protected as confidential.

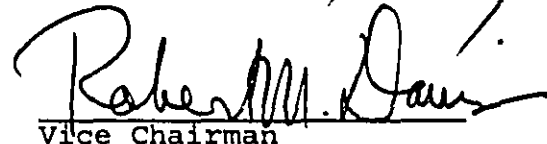

This Commission being otherwise sufficiently advised,

IT IS ORDERED that the cost information filed in support of its proposed contract with ORI for Digital ESSX® service, which South Central Bell has petitioned to be withheld from public disclosure, shall be held and retained by this Commission as confidential and shall not be open for public inspection.

Done at Frankfort, Kentucky, this 3rd day of March, 1995.
